

GRADINIȚA KIDS' WORLD NURSERY

Educational Offer 2020- 2021

WELCOME TO KIDS'WORLD NURSERY SCHOOL

We set this school in Bucharest in an attractive residential area in sector 3, in order to serve the social and educational needs of toddlers and pre-school children and as an alternative to the old-fashioned state owned educational system. We are a non-profit making foundation.

The building has ground floor, 2 floors and attic where we set 4 kindergarten classrooms, bedroom, sports room, messy areas according to British curriculum, medical care, kitchen, 5 bathrooms, after-school zone with lots of rooms for study and relaxation and office, all arranged according to requested standards.

The playground is big, covered with rubber for an increased safety of children, thus allowing a proper progress of the playground play.

CURRICULUM

Kids' World Nursery School operates in English at all times and follows the British Foundation Stage Curriculum for children aged from 2 to 6 years. With this we aim to make learning a fun and challenging experience and recognize the value of play in all the 6 areas of learning:

- Personal, social and emotional development
- Communication, language and literacy
- Mathematical development
- Knowledge and understanding of the world
- Physical development
- Creative development

They enable children to develop key skills such as speaking, listening, concentration, learning to work with others and early numeracy and literacy. (For literacy we embraced the Jolly Phonics system, which is a thorough foundation for reading and writing. It teaches the letter sounds in an enjoyable, multisensory way, and enables children to use them to read and write from the age of 4.)

Our aim is to provide a stimulating, educational environment where children can feel happy, secure and confident. Learning through play we aim to develop each child's skills, knowledge and understanding, to promote learning and to encourage the children to express themselves creatively. We adapt the learning environment and activities to suit the needs and interests of each child. Children work individually with a teacher or in small groups. We encourage them to explore, discover and learn with the support of

trained teachers who have a very good standard of spoken English, language whose use we encourage at all times.

COLLECTION OF CHILDREN

In order to avoid delicate circumstances and for your child's safety you will be asked to fill in a list with persons allowed to pick up your child which will remain in his/her personal file. The class teacher will also have a copy of the list.

NUTRITION:

MEALS ARE NOT INCLUDED IN THE MONTHLY FEE. Breakfast, morning snack, lunch and afternoon snack are provided by our catering company depending on your child's schedule.

We have different menus which we alternate according to the season. You will receive them every Thursday afternoon for the following week, and will be posted weekly at the entrance display.

You will also be asked to fill in an allergy form, if your child has any, and please let the school / class teachers know if your child is unable to eat certain foods for religious reasons or others (e.g. food allergies).

Note: Staff will encourage children to eat in any attractive way they can find, depending on each child, but they will not force a child to eat.

Note: Details about your child's meals will be discussed separately with the School Manager.

Breakfast = 3 RON

Fruit Snack = 2 RON

Lunch = 15 RON

Afternoon snack = 5 RON

HEALTH AND SAFETY

HYGIENE

In our school we maintain good practice in hygiene. Children are trained to:

- wash their hands before eating, after going to the toilet or after coming back from outdoor playtimes
- to cover their mouths when coughing and to use tissues to blow and wipe their noses (with help if necessary).

HEALTH CARE

Kids' World Nursery School has its own medical room with a pediatrician who checks all children in the nursery twice a week: Mondays and Fridays

However, we all know that minor infections and illnesses can spread very easily among young children. Please help us stay healthy by keeping your child at home if for any reason, he/she has any of the following:

- temperature/fever.

- a persistent cough or any signs of a respiratory infection.
- diarrhea or any signs of an upset stomach.
- if you suspect that your child may be infectious.

HEALTH RECORDS

All parents are required to complete the medical record for their child on enrollment. We ask parents to update these information annually or in case of any medical condition that may affect a child while in school.

PLAYTIMES

Outdoor play is a valuable part of your child's development. The playground is big, covered with rubber for an increased safety of children, thus allowing a proper progress of the playground play.

All classes have an outdoor playtime at least twice a day, for 20-30 minutes. There are exceptions such as: raining, the temperature outside falls below 0C, windy, blizzard, etc.

COMMUNICATION BETWEEN SCHOOL AND PARENTS

Kids' World Nursery School fosters an "open door" policy towards parents. Communication is the essential key here!

We send messages by email on a daily basis through a "Daily Report" in which we tell parents about the activities that took place towards the day. Every Thursday afternoon, the planning of the following week theme and activities and the menu of the following week are sent to the parents. All the information can also be found on our site's blog: www.kwns.ro and also on our Facebook page. (<https://business.facebook.com/GradinitaLumeaCopiilor>)

RECORD KEEPING AND ASSESSMENT

All Class Teachers contribute to an observation record for each child in their class. These observations help to track a child's progress. A progress report is completed twice a year and this is shared with parents at the Parents Teacher Meetings in January and June. All copies of children's records are then passed on to the next teacher (or next school) at the end of the school year.

BEHAVIOR MANAGEMENT

We work with children to develop self-esteem and self-discipline. We promote kindness, willingness to share and courtesy. In cases of misbehavior teachers will explain why the behavior was unacceptable and help the child understand. Physical punishment is never used or threatened. Behavioral problems will be handled in a

positive way with the child's age and level of understanding taken into consideration and with parental involvement where necessary.

FINAL WORD

Hoping that you are convinced that KIDS' WORLD NURSERY SCHOOL is the best choice for your child, for whom any effort is small compared with the greatness that each of us feels when his baby smiles happily, with no mistake in case of a future cooperation, your child will receive the best care and attention from our staff. His/her happiness and progress are our goals. We also aim to ease your life as parents when leaving your child in our school by providing safe and excellent facilities, and also love, respect, trust and care towards your child.

Yours sincerely,

Nicoleta Popescu
